Office of Student Success

Self-disclosure Form for Students with Disabilities

Students who have been admitted to Indiana Tech and wish to receive information about auxiliary aids or services, other accommodations, or assistance from Disability Services are invited to complete this form. While it would benefit you to return this form now to receive information before you begin your college studies, you may disclose a disability to us at any time.

However, since the verification process may be time consuming, your opportunity to receive assistance such as test accommodations in a given semester may be affected if you choose to wait to begin the process.

When we receive this self-disclosure form, you will be contacted by the Disability Coordinator to begin the accommodations request process. Documentation from a professional regarding your disability is required. If you decide to request services related to a disability, we must have documentation of your disability on file.

Disability Services will take no action on your behalf without a specific request.

Name (first/middle initial/last): _____

Street address: _____

City: _____ State: _____ Zip: _____

Phone number with area code: (_____) _____

Term of entry (semester/session/year): _____
